

# The ENSGTI

*higher national school of industrial technology engineering*

The ENSGTI is a public school created in 1991 and certified by the CTI (French engineering accreditation commission).

The ENSGTI offers advanced three-year training courses in "**Process engineering**" and "**Energetics**".

It is attached to the **University of Pau and the Adour region (UPPA)** and draws on the competencies of the **LaTEP** research laboratory.
